VETERINARY TECHNOLOGY

YORK COUNTY COMMUNITY COLLEGE

ASSOCIATE IN APPLIED SCIENCE

Program Description - The Associate in Applied Science degree in Veterinary Technology prepares students with skills in animal healthcare and management, clinical techniques, science, communication, critical thinking and decision making. The program combines both theoretical-based classroom learning with hands-on laboratory and field experience through external partnerships and clinical experiences to ensure a strong foundation in veterinary technology. The curriculum will prepare students to work with small and large animals. Throughout the program students acquire the foundation of knowledge, attitude, skills and behaviors that are essential to function as a veterinary technician.

Career Opportunities - Graduates of this program will be eligible to take the Veterinary Technician National Exam. Graduates may find employment opportunities in veterinary hospitals, clinics, medical laboratories, and in various pet-related industries including research facilities, farm animal medicine, the pharmaceutical industry, and animal health product marketing and sales.

Program Admissions Information:

Provide proof of completion of high school level biology with lab, chemistry with lab and algebra with a grade of "C" or better.

High school level algebra II is recommended.

VETERINARY TECHNOLOGY, A.A.S.
ASSOCIATE IN APPLIED SCIENCE

Curriculum Requirements: **64 Credits**	**Credits**	**Grade**	**Semester taken/anticipated**
First Year, Fall Semester (16 credits)			
VET101 Introduction to Veterinary Technology	3		
BIO121/125 Animal Anatomy and Physiology I w/Lab	4		
ENG 101 College Composition	3		
Math, General Education Core IV	3		
General Education Core III	3		
First Year, Spring Semester (17 credits)			
VET120 Veterinary Pharmacology	3		
VET125 Veterinary Clinical Methods I	4		
BIO134/135 Animal Anatomy and Physiology II w/Lab	4		
CHM104 Chemistry for Health Science	3		
General Education, Core II	3		
Second Year, Fall Semester (15 credits)			
VET190 Veterinary Practicum I	3		
VET215 Laboratory Animal Medicine	3		
VET225 Veterinary Clinical Methods II	3		
VET230 Veterinary Clinical Pathology I	3		
General Education Core I	3		
Second Year, Spring Semester (16 credits)			
VET220/221 Large Animal Management w/Lab	3		
VET240 Veterinary Clinical Pathology II	3		
VET224 Veterinary Diagnostic Imaging	3		
VET290 Veterinary Practicum II	4		
General Education Core II-III	3
